Sandee Frasle, Freeland MI

“Keeping Promises”

They came as an intruding army, descending quickly like storm troopers, and suddenly, “veni, vidi, vici” and abruptly without warning, they were gone; swiftly they left in the darkness: BRAVO ON A GREAT JOB!

P.S- Congrats on your newborn baby, he’s beautiful

Bill and Barb Rozek, Bay City MI

Thank you, your crew was terrific. They did a great job, they were so congenial, a good group to be proud of.

Thank you for your patience and time. We appreciate it.

Diane and Wayne Holmes, Bay City MI

Hi, I wanted to send you a quick note as appreciation for another job well done. This is the second time that we have used your team, the first time to install gutters, and the second time to construct a roof. The crew was incredibly friendly and polite, fast and very helpful. When we asked to look at an issue with a different part of the roof, they identified the issue right away, gave us an estimate of the costs and repaired it on the spot. This was excellent customer service! Thank you.

Gael DeMartelaere, Midland MI

I want to thank all of those involved at M&M for the outstanding job you did on our home. My wife and I are very satisfied with your work. The gutter, soffit, fascia, and sliding patio door were exactly as ordered. The guys were very friendly and answered all the questions we had. We have more work to be done and will surely be using your services in the future. We will certainly recommend your company to anyone we know.

Thanks again,

Brian & Sandy Berkobien, Midland MI

Thank you, M&M Seamless Gutters, for the new gutters on my 130+ year-old home. The four man crew was wonderful ... they enjoyed working with each other and did an excellent job. Their attitude and courtesy were refreshing. I could easily tell the difference in the high quality of aluminum and other materials compared to the more generic aluminum (thinner gauge) from a box store. You have a winning combination from the owners, Chuck and Nichole, to the estimator, and the whole installation crew. It was a pleasure to have your sign in my front yard and to let people know that this is a company that will do a quality job and that stands behind their work.

Sincerely, Ed Benisz, Bay City MI
